

**Statement Published in Haazertz Newspaper by Members of Israeli Intelligencia
Expressing their Support of a Left-Wing Approach to the Territories
Captured During the War
(22 September 1967)**

Numerous Signatories. "Against Greater Israel." Haaretz [Tel Aviv] 22 Sept. 1967: n. pag.

Our right to defend ourselves from extermination does not grant us the privilege to suppress others:

Occupation leads to Foreign Rule

Foreign Rule is Trailed by Resistance

Resistance is Followed by Suppression

Suppression is Confronted by Terror and Anti-Terror

The Victims of Terrorism are Usually Innocent People

Holding on to the occupied territories will turn us into a nation of murderers and murdered.

Let Us Withdraw from the Occupied Territories Now
