#### ACTIVITIES AND PROCEDURES

- Post quotes on the wall (without names).
- Have students walk around and read quotes (1 min).
- Stand by the one that stands out the most to you (if needed ask a couple to switch for even distribution)
- Hand students the bio sheets of the person they chose to read over.
- Discuss in your group the person, and then on your own write your own bio and what you stand for/believe in (maybe this can be the provocation/intro)
- Choose pictures from the books and key quotes for your video
- Each student takes turns filming their bio
